

HAKI COLLECTIVE - DIRECTORY OF ORGANISATIONS

Haki Collective is a Disabled People's Organisation rooted in disability justice, racial justice and lived experience. This Directory has been put together by Haki to share resources with people in our communities, with information about other organisations across the UK working to advance racial justice, challenge systemic inequality, and support Black and Global Majority and Disabled communities.

The Directory is a living document - a work in progress that will be updated as we connect with further organisations, and as new organisations emerge.
